- *explain why you are interested in helping*

Dear Sir/Madam

**Your answer**

Dear Sir / Madam,

In response to the advert seeking helpers running a charity event for the Alzheimer's disease, I am writing to apply for a volunteer job about the activity.

I know the plight this disease brought to the patients and their family as my father is also suffering from it. I would like to do my part to help them getting through all those hurdles. Seeing them having a normal and joyful life would be a great moment for me.

I had participated in several events for patients with Alzheimer's disease before. In those events, I not only played games with them that help to recognise things in surrounding environment, but also talked to them sincerely. In fact, a good conversation with patients already a pleasant experience to them.

I will prepare some card games for them to enjoy and improve their memory. Also, I can share my experience for handling patients with their family members. Finally, I am going to chat with those suffering with Alzheimer's disease.

I would be grateful if I am given the chance to participate in the charity event. Thank you very much for your attention.

Yours Faithfully,

**OVERALL BAND SCORE 6.5 7+7+6+6**

**TA – Task Achievement nb – GRA and LR errors have not been corrected**

**Band score 7**

The tone is appropriate for a letter like this, although a strict examiner could penalise you for the incorrect tenses in bullet 3.

- (General Training) presents a clear purpose, with the tone consistent and appropriate

**Band score 7 TA**

There is a clear purpose.

You covered bullets sufficiently for a 7 for TA.

- covers the requirements of the task

**Band score 7 TA**

- clearly presents and highlights key features/bullet points but could be more fully extended

#### ADVICE ON BRAINSTORMING FOR GENERAL TRAINING TASK 1

As you're planning and writing your answer, **remember to constantly ask yourself if you're answering the question.** Check back to the question a few times as you think of ideas to make sure they're directly relevant. Your goal should be to make it easy for the examiner to give you a high score

- Make sure your first paragraph states the purpose, eg *I am writing to inform you about [...]* If you're writing to complain, or to ask a favour, or to inform somebody about some news or

information, mention this in the first paragraph. eg *I'm writing to inform you of my decision to resign from my position as [...]*

- Make sure you've answered each of the bullet points, and put them in separate paragraphs. Make sure you answer all the bullets directly, and do not give the examiner any chance of saying you covered them inadequately. Ask yourself whether it's possible that a strict examiner could think you've not answered the question, or one aspect of the question.
- Be especially careful if you've answered similar question before; there will always be important differences.

### **C&C - Cohesion and Coherence nb GRA and LR errors have not been corrected**

#### **Band score 7**

The organisation is logical, and there is clear progression throughout. You could use more signposting to indicate your organisation.

Cohesive devices is generally good. Look for more opportunities to extend and link sentences as many of yours are relatively short and simple.

- uses a range of cohesive devices appropriately although there may be some under-/over-use

**Band score 7 C&C**

- logically organises information and ideas; there is clear progression throughout

**Band score 7 C&C**

#### **PARAGRAPHING FOR GENERAL TRAINING WRITING TASK 1**

In a GT letter, I recommend that your first paragraph state the purpose of your letter, and there should be 3 other main body paragraphs, as indicated below. That's 4 main paragraphs altogether, plus a final one for a closing remark, like *I look forward to hearing from you*.

Even if you're writing to a friend, make it easy for the examiner to see the purpose with a sentence like *I'm writing to let you know that [...] and that [...]*. To be sure of getting a 7 or higher for TA, you should mention one or of the bullet points, depending on the question.

**Write one paragraph per bullet point, and organise them in the same sequence as the bullets in the question.** Write around 40 words for each. If you just minimally cover one of the bullets, you cannot assume that it's ok just to write extra for the others. You need to fully cover them all to get a high score. Note that it's ok to have relatively short paragraphs in Task 1. It is only in Task 2 that you need topic sentences and supporting ideas.

There must also be a closing formula, like *Many thanks*, and you **must sign your name**.

Dear Sir/Madam

I'm writing *in response to the ad in yesterday's Evening Telegraph*, **in which** you ask for volunteers. I believe I may be able to help you to organise your *fund-raising event for cancer research* on Saturday, as I have experience doing **similar events**.

The main reason why I'm particularly interested in volunteering is that there is *a history of cancer* in my family, and in fact, I *recently lost an uncle* to **this terrible disease**. It will be an honour to help **such a worthy cause**

**With regard to my experience doing voluntary work and raising money for charity, during my time as an undergraduate**, I was *an active member* of the Blandings University Union of Students, and also a member of the RAG Week *Standing Committee*, **which** organised a *variety of fundraising events* throughout the week.

As for how I can help, *two of the most successful activities* we organised for Rag Week were the charity carwash, **in which**, *as the name suggests*, *volunteers clean cars in exchange for donations*, and the *charity auction*, **which** is *self-explanatory*. Of course, I would also be happy help in any general administrative tasks that need doing.
